Hi Darlene,

One edit based on our most recent negotiations. I don't think it makes or breaks the fact sheet, but including it would present the full range of mitigation currently in front of us. Unfortunately, there has been no time for anyone else's input/review.

Dana

Hi Darlene, just checking to see if there are any edits on the TCVP one pager.

Darlene,

As Alex requested below, I took the two one pagers that Ed sent on TCVP, combined/streamlined the information and put it in the correct format for the Administrator (see attached). Alex would like to send this to the Administrator on Thursday 7/9. Can you and/or someone in OPP (I am cc'ing PRD) please review and let me know if you have any edits by noon tomorrow 7/8 so that I can get this to Alex for her review so we can deliver to the Administrator by 7/9?

Thanks,
Melissa

Importance: High

Ed and Team:

These are excellent documents. They give a very good overview of what is ahead.

Melissa, can you turn the two one pagers (the first attached one looks better from an overview standpoint) into a send home for the Administrator? I'd like to send home with him July 9. I think that will give us enough time for him to review it.

Alexandra Dapolito Dunn, Esq.
Assistant Administrator
Office of Chemical Safety and Pollution Prevention
US Environmental Protection Agency
Washington, DC

Alex,

As discussed at our OPP General today, here is more information regarding OPP's response to the court's deadline of July 21, 2020 to respond to NRDC's petition. The enclosed PowerPoint was presented in May and one-pagers were developed. Since then the team has come up with an aggressive schedule to meet this deadline, including some one-day turnarounds for review - attached in the Excel file. There may also be a discussion at the OGC weekly regarding recent settlement negotiations with Hartz and the outcome of those discussions on the defensibility of EPA's response. Happy to chat further.

Ed
